| • Germany – A2 (but it was at 2020) | • I can google well                  |

## EXPERIENCE

### 20.09.2020 – Present

- **Oogway Comics** - Part-time remote, hybrid – IT support. I help with technical problems,

errors. I found and fix it all. Oogway Comics it is a creative studio, the first publishing office of comics in Tajikistan

**Key Accomplishments:**

- Our team has released more than 3 thousand comics in Tajikistan. All comics are available online.
- Created a site where you can download comics.
- Created an application for Android and iOS

## **20.09.2020 – Present**

• **Oogway Coding** -hybrid remote **Manager**. Coordinated the **Oogway Coding** platform, took orders, and distributed tasks to the team, developing sites, applications, bots, 3D modeling. Now the platform is on pause but will resume soon.

**Key Accomplishments:**

- Android and IOS - Application **Oogway Comics**

## **1.10.2019 — 1.02.2020**

• **Office of Civil Freedom (OCF)** freedom.tj – Mobile Android developer, troubleshoot the organization's computer problems, IT instructor.

**Key Accomplishments:**

- Successfully completed my project.

## **7.04.2019 – 1.10.2019**

• **Office of Civil Liberties (OCF)** - I was a volunteer, often holding charity events. Helped and participated in organizing social events. Mostly helped in technical things, communication, logistics

**Key Accomplishments:**

- Successfully completed volunteering, after which I was invited to work.
- Successfully held more than 8 events
- Trained and introduced 3 more interns

## **EDUCATION**

**STARTED AT SEPTEMBER 2018 – LEFT AT MAY 2022**

### **KHUJAND STATE UNIVERSITY**

Student in the specialty: “**Information Technology Software**” of the Faculty of Telecommunications and IT”

## **ABOUT ME**

Front-end developer. Coordinator of Oogway Coding.

Working with Html, CSS, Tailwind CSS, JavaScript (Angular and Vue). Always ready and eager to learn new knowledge in programming and new technologies in general.

Purposeful, enjoy my work, communicative, not shy to ask questions and most importantly can google.

And as for interests, I LOVE SCIENCE, especially space.
